

PRESS RELEASE

For Immediate Release

United Corrosion Control, LLC becomes a member of ISNetworld, Inc.

GLEN BURNIE, Maryland—(1/31/2013)—United Corrosion Control, LLC today announced that it has established a business relationship with ISN (www.isn.com) and has been assigned member number **400-200560**. ISN is the global resource for connecting corporations with safe, reliable contractors and suppliers for capital-intensive and public sector industries. By subscribing with ISNetworld (www.isnetworld.com), United Corrosion Control, LLC provides company information, EHS Questionnaire, Documents, and Health, Safety, and Environmental Programs to Owner Clients of ISN and ISNetworld.

ISN collects safety, procurement, sustainability, quality and regulatory information from contractors and suppliers, verifies its accuracy, and then reports the results to owners of facilities. This allows organizations to select those resources that best meet internal and governmental requirements, while providing contractors and suppliers the opportunity to centralize their information.
